

The Liaison Office on Posting in **ITALY**

The Liaison Office on Posting is situated at

Ministero del Lavoro – Direzione Generale delle Politiche del Lavoro
email:DGMercatodiv02@lavoro.gov.it

Questions can be sent to this email address:

dlunetta@lavoro.gov.it

Information on working in Italy

It's possible to get informations on Ministero's site: www.lavoro.gov.it

Knowledge of the posting situations

In Italy, the enterprises established in other MS of European Union are not obliget to send a previous communication about the posting of their employees.

So the knowledge of posting situations usually happens through informations provided by workers, or Trade Unions or other subjets Also the models A1 (former mod E101) could be useful for a better knowledge of posting situations but they are usually sent at the end of posting's period. .

Information exchanges with the other MS

The “IMI system” is beginning now to be used for the information exchanges with the other MS , but, in this first period, some difficulty has been noticed (see above).

National partnerships

:According to the bilateral agreement of 27 September 2011 (here attached) between Italian and French Labour Ministries, there is a partnership with France. The Italian national liaison Office, for this partnership, is: Direzione Generale dell'Attività Ispettiva ; email: segreteriaadgattivitaispettiva@lavoro.gov.it
